

# EDISON DISPLAYS® >3'x6' PROGRAMMABLE OUTDOOR LED LED SIGNS

The Edison Displays® LED sign is an outdoor solution for closer viewing and distance recognition in high profile permanent installations. It is a rugged LED system that provides powerful imagery in combination with 24/7 reliability and a low cost of ownership. Gone are the days of pixilated images using 20+mm pixel pitch: The Edison Displays® 3ft x 6ft LED sign delivers a higher resolution 16mm and even 10mm pixel pitch. All our customers agree that once you have seen real 10mm resolution, you will want nothing else!
