

THE EDISON - EDISON DISPLAYS© HIGH RESOLUTION OUTDOOR (& INDOOR) LED DIGITAL SIGNAGE

"The Edison", Edison Displays© LED sign is an outdoor/indoor signage solution for close viewing and distance recognition in high profile permanent installations. It is a rugged LED system that provides powerful imagery in combination with 24/7 reliability and a low cost of ownership. Gone are the days of pixilated images using 20+mm pixel pitch: The Edison delivers a high resolution **real 10mm** pixel pitch with 24,576 LEDs. See graphics come to life and capture your audience with videos! **All customers agree, once you have seen real 10mm resolution, you will want nothing else!**
